

Dickens Class

Year 5 Term 3

French: This term in French we will be learning all about the time, days dates and our pets.

Mathematics:

We will be using the Mastery approach in Mathematics to develop much deeper conceptual understanding of numbers. Units this term will include:

Fractions, Decimals and Percentages, Angles & Transformations.

Maths Meetings:

We will be doing daily afternoon maths meetings to embed our learning and to revisit topics to keep our knowledge current.

English:

We are following Talk for Reading and Talk for Writing, linked to high quality texts. This term we will cover suspense storytelling and discussion writing.

GPS – Spellings will be taught weekly and these will included words based on particular spelling patterns and words from the National Curriculum statutory spelling lists for years 5 and 6.

History:

The effects of Anglo-Saxon, Viking and Scots settlement in Britain.

This term we will continue to explore the relationships that existed between people that settled on our Islands. The reasons they arrived and the reason some of them ultimately left.

Science:

This term our topic in Science is Forces. We will look at physics and study the different forces that exist all around us, and the special relationships they objects can have on other objects.

P.E:

This term we will be studying Dance and Gymnastics.

Computing:

This term we will be studying selection in physical computing.

P.S.H.E

This term we will be exploring the units: Dreams & Goals

Term Values: Consequences, resilience, creativity

WOW Events!

Viking Banquet!
See the stars!

R.E:

Our big question this term is:
If god is everywhere, why go to a place of worship?
